

Remodeling Specialists

Graduate Master Remodeler (GMR)

JDC Construction employs one of only three GMR in the state of Indiana. There are only 30 GMR across the nation.

GMR recognizes those remodelers who have shown a commitment to educational excellence, demonstrated exceptional business integrity, and established longevity in the remodeling industry.

To earn the GMR designation, a remodeler must be an active Certified Graduate Remodeler (CGR) for at least nine years, possess 15 years of remodeling experience, complete an intensive series of industry-specific education and training, provide letters of recommendation, submit proof of licensing and insurance if required by local jurisdiction and adhere to a strict code of ethics. GMR stands for dedication to excellence, experience and professionalism within the remodeling industry.
